**Marks:** 1085/1100
**Courses**: English, Mathematics, Physics, Chemistry

## Skills

*Languages:* C++, Java, React (Intermediate), HTML, CSS, JavaScript (Intermediate)
*Additional Skills:* Adobe Illustrator, Customer Support, Content Writing, Communication, Social Media Handling

## Experience

**Front End Web Development Intern | Bytewise Limited**                                   Feb 2023 – May 2023

- Worked as a Front-End Web Development Intern, gaining practical experience in various projects that allowed me to enhance my skills in HTML, CSS, and React.
- Applied my knowledge of front-end development to create functional and responsive user interfaces, ensuring that user experience was always a top priority.

**Customer-Support Specialist| DigiSquad VA**                                                  April 2023-Present

- Provide prompt and effective customer support for a German company, primarily dealing with Amazon and Zendesk, through various channels including email and chat.

**SEO Content Writer | Kalmak**                                                                        Sept 2022 – March 2023

- Created high-quality, search-engine-optimized content including blog posts, articles, and other forms of content, to engage readers and improve the website's search engine rankings as an SEO Content Writer at a startup.

## Leadership

**Co-Head Media Team| Character Building Society UET Taxila**                        Feb 2023 - Present
In my current role as Media Co-Head, I am responsible for promoting the organization and managing all its social media accounts. My role involves developing and implementing effective social media strategies, creating engaging content, and ensuring that the organization's message is consistent across all platforms.

## Project

**Secure Scope| Google Solution Challenge**
Developed a website to protect people from cyber threats as part of a Google Solution Challenge project.
